Trip Overview

Embark on a spiritual and adventurous journey to Mount Kailash and Lake Mansarovar, a once-in-a-lifetime experience offered by our travel agency. This journey begins in the vibrant city of Kathmandu, Nepal, where you'll immerse yourself in the rich culture and history of this ancient city. From Kathmandu, your adventure takes you through the breathtaking landscapes of the Himalayas, known for their rugged beauty and serene vistas.

Mount Kailash, revered by Hindus, Buddhists, Jains, and Bonpos, is considered the center of the universe and the ultimate destination for pilgrims. As you approach this majestic peak, you'll feel the profound spiritual energy that surrounds it. The journey to Mount Kailash is not just a trek; it's a pilgrimage that allows you to connect deeply with your spirituality. The ritual of circumambulating the mountain, known as the Kora, is a sacred practice believed to bring spiritual purification and enlightenment.

Nearby, Lake Mansarovar, one of the highest freshwater lakes in the world, offers a serene and reflective experience. The pristine waters of the lake are said to cleanse the soul and body, and many pilgrims take a ritual dip in its holy waters. The lake, surrounded by snow-capped peaks, provides a tranquil setting for meditation and contemplation.

Throughout this journey, you'll encounter the unique cultures and traditions of the Tibetan people. Their warm hospitality and rich heritage add a profound cultural dimension to your trip. You'll visit ancient monasteries, meet local monks, and learn about their spiritual practices and way of life.

Our travel agency ensures that your journey is comfortable and enriching. We provide experienced guides who are knowledgeable about the region's geography, history, and spiritual significance. They will assist you in navigating the challenging terrains and high altitudes, ensuring your safety and well-being throughout the trip.

The journey to Mount Kailash and Lake Mansarovar is more than just a trek; it's a transformative experience that offers a deep connection to nature and spirituality. Whether you are seeking spiritual enlightenment, adventure, or simply a break from the routine, this journey promises to leave you with lasting memories and a renewed sense of self.

Join us for this extraordinary journey and discover the profound beauty and spiritual essence of Mount Kailash and Lake Mansarovar. Let us take you on an adventure that transcends the physical and touches the soul.

Mt. Kailash and Mansarovar Lake

An astonishing geographical phenomenon. A repository of mysticism. And a place revered by

8848 Nepal

Mt. Kailash and Mansarovar Lake

millions worldwide. Kailash is more than just a mountain – it is a legend.

Mount Kailash and Lake Manasarovar have captured the imagination of humans since time immemorial. Revered by practitioners of Jainism, Hinduism, Tibetan Buddhism and the Bon religion in Tibet, Kailash and Manasarovar have become deeply integral to the heart of spiritual Asia.

The Kailash Manasarovar sojourn is a powerful spiritual possibility, complete with the inclusion of meditation sessions, satsangs (spiritual discourses) and much more. This 13/14 day journey will commence and conclude at Kathmandu, an ancient city with vibrant spiritual traditions.

Travel Info for Mt. Kailash and Mansarovar Lake

Accommodation

Accommodations in the Himalayas are mostly teahouses/guesthouses/lodges in the Tibet Region. In the city, the hotel is the accommodation. Generally, the teahouses are simple with basic facilities but comfortable to stay in. For the use of Wi-Fi, charging electronic devices, hot water buckets, laundry, and boiled water, trekkers must pay an additional charge. For peak climbing, accommodation is tented camps.

Meals

In the city, only breakfast is provided. During the entire trek in the Everest region, a full 3-course meal (breakfast, lunch, and dinner) is provided from the teahouses. The meals are basic but organic and healthy suitable for the health of the trekkers. The prime dish is Nepali Dal-Bhat served with vegetable curry and pickles. Besides Dal-Bhat, noodles, soups, Sherpa stew, hot drinks, roti, and fresh curries are served. There is no variety of meals at the teahouses but one can enjoy the continental dishes at Namche at your personal expense.

For trekking meals are prepared by a professional cook who accompanied us during the trek. All necessary kitchen equipment is carried with us. The meals prepared during the treks are healthy and hygienic. It provides great energy for trekkers/climbers.

Drinking water

Drinking water keeps the body hydrated which is essential during the trek. In the Himalayas, water is pure and fresh. One can directly drink water from the natural stream from the Himalayas. Or one can fill up the boiled water at the teahouses paying an additional charge. Water-purifying solution kits are a must. So, always carry for safe water treatment and to stay safe & healthy. Remember to carry a water bottle to minimize the use of plastic bottles.

Communication

Certain areas will have the internet connectivity, which may not be stable and easily accessible in the Tibetan plateau. One can also purchase a local Sim to use the phone and mobile data internet.

Required Permits

- Nepal Visa
- Tibetan Travel Permit

Travel Insurance

Travel Insurance is required while trekking in Nepal and Tibet. Travel Insurance makes your journey stress-free. It acts as a safety tool that prevents unforeseen and unwanted events

8848 Nepal

Mt. Kailash and Mansarovar Lake

during the travel journey. One must get travel insurance from a trusted insurance company. It must cover all emergencies, flight cancelations, loss/theft of luggage, altitude over 3000m, evacuations, and medical difficulties.

Safety and our guides

The client's safety is our topmost priority. So, when it comes to safety one can 100% trust us. Our guides are certified and have years of experience in this field. They are aware of the technical difficulties, altitude sickness, and health of the trekkers in the Himalayas. Thus, they are fully prepared and always carry necessary medical kits, safety tools, and are experts in safety performances. From the beginning to the end of the trek, the client's safety is taken into consideration and kept as a high priority. Therefore, all the program itineraries are carefully planned and scheduled with proper acclimatization and rest days to prevent altitude sickness and adapt to the higher altitude. We are 24/7 available at your service. Hence, feel free to ask queries and share your thoughts.

Best time for Mt Kailash Trek

All seasons have their beauty. But, when it comes to trekking in the Mt Kailash region, Spring and Autumn seasons are termed best. These two seasons are the best time to explore as the weather is clear, the days are bright, and trekking trails are easy to walk. Spring and Autumn season is followed by the Summer season to trek in the Everest region. Winter and Rainy seasons are riskier due to muddy, slippery, and snowy trails. The weather is also uncertain and the chances of the temperature rising are high making it cold for the trekkers. It is advisable to properly plan before trekking in the rainy and winter seasons in the Everest region.

Mt Kailash Trek Difficulty

Mt Kailash Trek is moderately difficult to extremely challenging depending on the trek duration, elevation, and trail structure. The trek trails include several steep ascends, and descends, rugged trails, and high elevations. The trek difficulty is the part of the trekking journey which is inevitable. But, to lessen the difficulty during the trek, trekkers must be physically and mentally fit before the start of the trek. The trekking experience at the high altitude is a plus point for the trekkers. Trekkers can take part in physical training, exercises, short day hikes, cardiovascular exercises, and healthy diets. Take essential health tests and keep yourself motivated before the trekking journey. Here, our assistance is always there throughout the trekking journey.

Altitude Sickness and Acclimatization

Altitude sickness is common at an altitude above 3000m. Here in the Himalayas, during trekking, altitude sickness chances are high. The high elevation, the weather, and the temperature play a key role. Thus, to prevent altitude sickness acclimatization is quintessential. Thus, the acclimatization rest days are carefully scheduled to adapt to the surroundings. All age groups and even healthy people can suffer from altitude sickness. But, no need to panic as its symptoms and precautionary advice is given below:
